## Ballistic Publishing Announces Ultimate 2: Denisa

Adelaide, South Australia - Tuesday 20 November, 2007

Ballistic Publishing and 3D.SK Present the ULTIMATE in Photo Reference

Ballistic Publishing has released the second of its ULTIMATE, 16-megapixel, royalty-free photographic collections to meet the growing demand for ultra-high-quality image assets for game and film creators.

Developed in conjunction with the renowned human reference resource 3D.SK, the dual-DVD sets are packed full of the highest quality photographic reference available. The DVDs are suitable for film and game development, life drawing, texture reference, or any other pursuit that requires images of the highest quality. The series will include location, texture, and human reference photographs. All shots are provided in high-resolution TIFF and RAW formats offering artists a comprehensive set of ultra-high-quality assets.

The ULTIMATE DVD photographic sets are ideal for digital artists who are creating high-resolution texture maps and matte paintings for film or next-gen game productions. The series will offer multi-gigabyte collections not available online from <http://www.3d.sk> with the convenience of DVD delivery.

The second title in the ULTIMATE series features model Denisa photographed by acclaimed photographer Peter Levis. Denisa poses for reference shots at all angles including both nude and costumed poses. The photographs in both reference and action poses have been captured under optimal studio conditions with the best professional equipment available. The best of the shots were selected and are provided in both TIFF and RAW formats forming a comprehensive reference and asset resource. The ultra-high-detail of the shots offer the best in eye, face, hand and texture detail with modeling reference which can all be used freely for any personal or commercial projects. The 300 images on dual-DVD are categorized by keyword, tagged and searchable by an easy-to-use browser interface.
